Sherri Arnold Graham Foundation
A MINISTRY FOR BREAST CANCER AWARENESS AND SUPPORT

MISSION STATEMENT

The Sherri Arnold Graham Foundation is a not-for-profit, 501 (c)(3) multicultural and interdenominational organization passionately committed to reducing the incidence and mortality from breast cancer among all people. In serving all people, this Foundation responds with culturally sensitive materials for minority women and men who have disproportionate awareness, healthcare access, treatment options and support systems.

The 2009 Breast Cancer projections are alarming for the minority and majority populations (*females and males included*):

- 1.2 million cases worldwide
- 240,000 new cases in the United States
- 2,000 cases among men in the U.S.
- A woman is diagnosed with breast cancer every 3 minutes

However, “Awareness & Support Campaigns through Missions” can replace fear with faith.

Breast Cancer is a global epidemic. While breast cancer involves many mysteries, one clear fact is that the development and mortality rates differ among ethnic groups. Medical authorities unanimously agree that the disparity is largely due to late stage diagnosis subsequent to access barriers such as screening facilities, mammography, and health insurance.

The Sherri Arnold Graham Foundation works to reverse the incidence of late stage diagnosis and the corresponding health disparities through “Awareness Campaigns, Health Education, and Free Mammography Outreach.” In the event of a breast cancer storm, this Foundation serves as a lighthouse to undergird families in crisis with compassionate support.

The operational methodology of this ministry enterprise is called “**Lighthouse Communications**,” whereby we relay healthcare information to persons in crisis or at risk. **Our services and literature are Free of Charge and available in both English and Spanish.**

THE 3 MAIN GOALS OF OUR FOUNDATION

1. Health Awareness, Health Education and Free Mammography Outreach;
2. Helping people navigate the rough waters of physical afflictions; and
3. Reducing the unacceptable health disparities in African-American, Hispanic and other minority communities.

Inspirational Relaxation Baskets and Post-Operative Meals are distributed by request at the point of diagnosis and upon hospital discharge, respectively.

*Each Relaxation Basket includes:
CD of Ocean Music, Lavender Candle
Lavender Linen Spray, Lavender
Shower Gel & Lotion, a Lavender
Bath Sponge, a Keepsake Lighthouse
and...*

“The Words of Dr. Gardner C. Taylor.”

Rev. Sherri Arnold Graham is a living witness that God is a very present help in times of trouble. She was diagnosed with breast cancer in 1999 at age 36, yet boldly declares that God's power is far greater than cancer.

She holds a B.B.A. in Management from Emory University, Atlanta, Georgia, and the Master of Divinity Degree from Shaw University Divinity School in Raleigh, North Carolina. Her goal is to spread “The Good News” to all the people through her role as an Ordained Baptist Minister called to Evangelism.

1521 Owen Park Lane, Fayetteville, N.C. 28304
910-323-5774

Blessed be the God and Father of our Lord, Jesus Christ, the Father of mercies and God of all comfort, who comforts us in all affliction so that we will be able to comfort those who are in any affliction with the comfort with which we ourselves are comforted by God.

2 Corinthians 1:3-4
